

# Enhancing Cybersecurity in the Energy Sector for SMEs

Thursday 20 March | 09:00 - 10:30  
Art Hall

As digitalization accelerates, energy companies, especially SMEs, face growing cyber threats. This panel explores strategies and tools to protect critical infrastructure, safeguard operations, and foster resilience in the energy sector.

Topics discussed:

- Current cybersecurity challenges for SMEs in the energy sector.
- Practical approaches for improving cybersecurity maturity.
- The role of governments, academia, and industry in supporting SMEs related to cybersecurity.
- Leveraging European collaboration and funding opportunities.

*This seminar is a part of ROBOCOAST EDIH project.*

# Panel Discussion: Enhancing Cybersecurity in the Energy Sector for SMEs

---

[Johanna Honkanen](#)

Robocoast Project Manager, Prizztech

[Camilla Wahlberg](#)

Project Manager at the Digital Economy research platform

University of Vaasa

## Panel discussion

---

[Jadranka Lovrić](#)

Senior Project Manager for European Digital Innovation Hub (CROBOHUB++) at the Faculty of Electrical Engineering and Computing

[Henrik Madsen](#)

(professor, PhD), Head of the Centre for IT-Intelligent Energy Systems in Cities (CITIES) and Section Head of Dynamical Systems, Applied

Mathematics, and Computer Science, Technical University of Denmark

Petra Berg

(PhD), REDISSET Project Manager, Postdoctoral Researcher, and expert in energy transition management, sustainability marketing, cybersecurity, and macro-marketing, Vaasa University, School of Marketing and Communication  
University of Vaasa

Bahaa Eltahawy

(MSc), ROBOCOAST Expert and Project Researcher specializing in cybersecurity and safeguarding the energy sector, Vaasa University, School of Technology and Innovations.  
University of Vaasa

## Organizer

Bahaa Eltahawy

(MSc), ROBOCOAST Expert and Project Researcher specializing in cybersecurity and safeguarding the energy sector, Vaasa University, School of Technology and Innovations.
